

How we here at Canuck Amusements are responding to the COVID 19 virus

We are, like everyone, concerned with the current pandemic and have been proactive about taking measures to stop spread and possible infection. Please know that the safety and health of our employees and you, our customers, are foremost in our minds, and our actions are in accordance with keeping everyone as healthy as possible.

Based on current guidelines from federal and provincial governments Canuck will remain open for the moment and ready to meet the demands of our customers. We also recognize that this situation is changing hourly and we will provide updates if we are required to close.

We are now offering a delivery service for balloons, party goods and trophies as well as a curbside pickup option. We are more than willing to have one of our knowledgeable staff work with you over the phone or by email.

We are a locally owned family run business – we care about our staff and customers greatly.

Keep healthy and safe everyone. We look forward to seeing you soon!

Sincerely

The Team at Canuck Amusements

Please feel free to contact us if you have any questions or concerns.
